RDBMS:	PostgreSQL, Microsoft SQL Server Management Studio
Operating Systems:	Windows, Ubuntu (Linux)

PROFESSIONAL EXPERIENCE

COOK SYSTEMS INTERNATIONAL – Memphis, TN **09/21 – Present**

FastTrack Developer

Assessment #1: Spring Boot project

- Built an API for a Twitter clone that had over 30 endpoints to call data such as users, mentions, followers, likes, tweet feed, etc., together with team of two other software developers.
- Leveraged Java for main program and Postman for testing. We chose Java due to its ease of connecting to databases and ability to run on any platform.

Environment used: Eclipse

CHILDFUND INTERNATIONAL – Richmond, VA **07/19 – 10/21**

International Treasury Analyst

- Processed international revenue and payments; assisted with domestic cash forecasting and management; leveraged technology to automate tasks whenever possible.
- Consulted with executive leadership on a Covid-19 relief initiative; delivered extra funds to country offices to provide timely direct cash handouts to families in need.

- Traveled to Guatemala to act as a Global Auditor in a compliance review of the Guatemala country office and a local partner organization for two weeks in February 2020.
- Engaged other staff through role as Treasurer of Staff Engagement Committee.

ALEXIS ADVISORS – Richmond, VA

01/17 – 05/19

Investment Advisor & Financial Planner, Series 65 Licensed

- Spearheaded business development and facilitated growth of assets under management by 51%, from \$16.5 to \$25M, with 85% conversion rate.
- Reduced operational expenses and increased efficiency by process reengineering office workflows, identifying new software solutions, and shifting to a digital marketing strategy.
- Led needs analysis, research, and quality assurance process for transitioning to new online client portals with better user experience.
- Earned customers' trust and enabled them to achieve their financial goals.

WOMEN IN INTERNATIONAL SECURITY – Washington, DC

10/15 – 06/16

Graduate Research Consultant

- Designed and executed qualitative research on the implementation of United Nations Security Council Resolution 1325 in post-conflict countries to reduce sexual exploitation by UN peacekeepers and improve democratization outcomes.
- Developed interview protocol; conducted, transcribed, and coded 18 interviews; compiled two case studies; analyzed findings; and concluded that integrating a gender lens would increase efficacy of peacekeeping operations.
- Disseminated recommendations through a policy paper and a public live panel event.

PERFORMANCE SYSTEMS – Winchester, VA

09/15 – 05/16

Subject Matter Expert/Instructor

- Developed and conducted trainings on subjects including Global Conflict, Pakistan, Islam, and Communication Skills & Leadership to members of the armed forces.
- Consistently received performance reviews averaging 4/5 (excellent) or higher.
